

# PHILIPPE MUTKOWSKI

## MA1 STUDENT

### About Me

My biggest passion is music (I produce and play in a few projects). I have always been driven by curiosity of new technologies and their applications, so I was obviously drawn to engineering. Beyond my technical skills, I am a proactive team player who values communication and collaboration in projects.

### EXPERIENCES

#### Tutor and teacher 2020-2024

Since 2020 : private courses in math and physics for high school students. Since 2022 : guitar and bass lessons. In 2023 I joined the tutoring team for 1st year bachelor students in engineering.

#### ASBL Administrator 2022-2023

I joined the Polytechnic Circle as an administrator. My role was mainly managing the music band and dealing with the musical aspect of events. I had to learn to be organised and how to deal with pressure. I learned how to manage a team as well.

#### Seller on a market 2021-2022

I was in charge of a stand for the day in an indoor food market.

### LANGUES

French (native)  
English (C1)  
Polish (C1)  
Dutch (basics)

### FORMATION

#### Athénée Royal de Nivelles 2013-2019

General teaching, sciences and math section

#### ULB, École polytechnique de Bruxelles

Bachelor in engineering 2020-2023

Master in computer engineering 2023 - ...

### SKILLS

- Python, C, C++, Java, Kotlin, R.
- Agile method
- Creativity
- Communication
- Knowledge in creative softwares (mainly Illustrator, Blender, Ableton)
